

### SHOW AND TELL ACTIVITY:

The above activity was conducted on 8<sup>th</sup> September 2016 by the class teachers. The topic was fruits and vegetables. The students were supposed to bring specified object and speak 3-4 lines about it. This kind of activity help the children to overcome stage fear, develop their public speaking skills. The children learnt few sentences about their favorite fruit and vegetable. All the children actively participated in the activity by bringing the objects like , potato, cabbage, banana, orange, etc.

Overall it was a jovial learning experience for teachers and students alike.
