

Report on Decorating Family Album Activity

The true work of art is a shadow of the divine perfection. By keeping this in view a decorating family album activity was held on 4th August 2018 for classes III to V at Hanumant High School. The students were asked to make the family album using chart paper, decorating materials and photos within an hour. The students exhibited their creative skills using these things in their own amazing ways. The aim of this activity was to develop creativity, improve skills and visualization among students. The activity was full of life, passion and spirit. It showed positive associations for everyone.
