

PLANTATION ACTIVITY

An **interactive Life Skill Activity** was conducted on Tuesday 28 August 2018 at Hanumant High School, Mahuva under the guidance of **Principal Mr. Rajesh Tiwari & MR. Mrs. Radhika Hariyani**. The plantation began with an introductory session wherein the students of Grade-7- A & B were grouped into four member team each group comprising of different students. The introductory session was followed by a discussion on the awareness of planting trees which connects students with nature and shows them that their hard work makes a difference in the world, which is essential for expected result. Students have played an active role in helping to green their schools by teaming with their friends to plant trees in their school campus. These projects pay multiple benefits by improving environmental conditions and providing multi-disciplinary learning for students of all ages. It teaches them about plants and shows them how their efforts make an impact that they and their communities can revisit for years.

Plantation in a school yard improves air quality and can reduce temperatures in warm climates by 10°F. They provide shade in hot temperatures and new signs of life. They are a small environmental investment that will pay dividends for decades to come.

The plantation activity was concluded with short speech by students of Grade -7-B Prem Hariyani, Aliasgar, Mohmedraza Rajani, Jiya Vipul Patel, & Nisarg Anil Chauhan.
