

Report on Picnic at Diu

Learning is an ongoing process and all the experiences, result in one or the other form of learning. In today's world, competition persists in every area. Student's life has always been competitive and with the passage of time. Living in such stringent and straining atmosphere is not at all easy. As a part of outsource activity **Hanumant High School** had arranged a recreational picnic for the students of grade III to V on 14th December 2018, Friday. In addition such trips also instil a sense of appreciation for the wonders of the earth and expose them to a wide variety of cultural and geographical ecosystems. The venue was at Diu. The students grabbed the chance of socializing, bonding and rejoicing with their peers and teachers. The travel also gave some personal time for the students to be with their friends. While visiting they had a taste of history with a panoramic view of Diu fort, Gangeshwar temple, Naida caves, Nagoa beach, INS Kukri and the heritage site of the St Paul church. .It was a great learning experience and a wonderful opportunity to discover the cultural heritage of our country. The students were served with delicious lunch at the right interval. The teachers really made this trip a memorable one for the students, which would last forever in the student's life.. All the students expressed a desire to revisit the place with their friends. Some also mentioned that though they had been to this place with their family, they enjoyed coming with their friends the most. A great day for all the students and teachers as well, as it strengthened the bond between the students and their teachers. The students learnt the value of sharing and caring for others during this entire trip. They learnt to become more independent and tolerant as throughout the trip they had to be along with their peers and classmates. The students returned collecting sweet memories in their heart and they reached home safely but with lot of joy and excitement.
