

Report on Shloka Chanting Competition

Sanskrit is the mother of all languages. The beauties of its sound, precision in pronunciation and reliability as well as thoroughness in every aspect of its structures, make it a unique language. Researchers have found that **chanting shloka** can help improve concentration and energize the brain. To expose students to these benefits of chanting shloka and to nurture these qualities among our students, **Hanumant High School** had organized a Sanskrit Shlok Chanting Competition for the students of classes I to V on 17th February 2018. The response from the participants was overwhelming and they took part with great enthusiasm. They showcased their flair and dedication to attain perfection in recitation and explaining the meaning of the shloka and reached the height of excellence. Children enjoyed the beauty of expression, thoughts, feeling, rhyme, rhythm and music of words and exhibited their talent and confidence. The students kept the audience fascinated and captivated through their alluring shloka. Their performances were very impressive and worth appreciating.

, The children showcased their oratory skills by reciting shlokas with great confidence. Their

The students participated in it with a lot of excitement and passion. The activity brought out the talent and creativity of the students.

Shlok Chanting Competition

Sanskrit is the language of shlokas of spiritually empowered sounds. The usage of Shloka brings our minds back to the consciousness. In order to help children understand the importance of shlokas, Shlok Chanting Competition was conducted on **17th February 2018 at Hanumant High School** for classes I to V. The students actively participated in the competition. The children showcased their oratory skills by reciting shlokas with great confidence. Their performance was judged on the basis of presentation, confidence, fluency of language and language pronunciation. It was pleasure to see their performance, excitement and passion on stage. It was appreciated by one and all.
