

Slogan Making Competition

Kite-flying is great fun, however safety comes first. Every year during Makar Sakranti, we hear news about kite related accidents such as people falling off from terraces or mild to very serious injuries from the sharp twine of kites. In order to spread awareness a Slogan Competition on risk of kite flying was organized on **06th January 2018** at **Hanumant High School** for classes I to V. This activity was organized to aware children and offers them a platform to show their skill. Students were asked to write the slogan, design and color it using materials brought by them and finish the work in a stipulated time frame. Their performance was judged based on content, message and presentation. The response for the event was overwhelming and each slogan was unique and beautiful showing the interest and creativity of each student.
