

Circle Shape Activity

All the objects have their shapes like, circles, Triangles, squares, rectangles, ovals etc. To teach shapes recognition to preschoolers with fun, “Circle Shape Activity” was conducted for the nursery class on 29th July, 2018. Teacher explained the shape with circle shape objects like ball, ring, round steel plate, bangles, moon etc. The students were provided the circle shapes on paper and they filled it with red colour. They stood in the circle, made a chain with their hands and sung the rhyme “Ringa Ringa Roses” in the garden with action. They also learnt the circle shape with fun and play with round rings too. They were very happy during activity.
