

Report on World Book Day

“A book is the version of the world. If you do not like it, ignore it; or offer your own version in return.----**Salman Rushdie**. We believe that a reader has to learn only as it’s needed to fully enjoy the magic of reading. Reading is truly amazing and while it’s always in the back of our minds, sometimes life’s distractions get in the way down with a large cup of coffee and really great book. The worth of a book is to be measured by what you can carry away from it, so the more you read, the more things you will know. Books have been a source of pleasure for several people and many will agree that reading is a good way to de-stress yourself. The more that you learn, the more places you'll go. World Book Day is also known as World Book and Copyright Day. It is an annual event celebrated every year by the people all over the world on 23rd of April. It is the most important event organized annually by the UNESCO in order to promote the reading, publishing and copyright among the public worldwide. The students of **Hanumant High School** celebrated World Book Day on **23th April 2018**. A power point presentation regarding the importance of this day was shared by the students of STD V-B and an informative speech was delivered by Venkatesh Sir. However, tiring work life has left little time for the peole to lay back and read a good book. But you can always motivate yourself to pick a nice read.
