

REPORT ON WILD ANIMAL ACTIVITY

Wild Animal is a term that refers to animals that are not normally domesticated. The major wild animals of India are Elephant, Lion, Tiger, Rhino, Bear etc. Wild animals play an important role in balancing environment and provide stability to different natural processes of nature. It can be found in all ecosystems, desert rain forests, plains, and other areas.

In the class of senior kg an activity related with wild animal was conducted on 30/11/18. The teacher puzzled the flashcard of animal like farm, wild water. The students had to take out the wild animals flashcard, they had to speak out their names and their babies and where they live. A beautiful “Jungle” scene was drawn on the blackboard. The students enjoyed the activity very much.
