

GRAND PARENTS DAY CELEBRATION

Grandparents play an important role in the lives of every child. The pampering that grandkids get from their grandparents leaves a lasting impression on their lives.

On grandparent's day that is on 19th sep. 2018, our students enjoyed with their grandparents in school. A beautiful song was sung by the teachers to make grandparents feel special. A PPT was shown to them and the tiny-tots performed rhymes with action in front of their grandparents. After that a game was organized by the teachers to check the compatibility between the grandparents and their kids.
