

Clay Modeling Competition Report

Young minds can think new and big. With play-doh the task becomes quite easy, exciting and long lasting. It is absolutely safe and non-toxic. Clay Modeling Competition was held on 15th February 2017 for Grade- I and II. This competition was the perfect platform for the creative minds of the children to meet their colorful desires and fantasy needs. They made beautiful house, tree, fruit basket and flowers and displayed them with pride. The motive of this competition was to stimulate the imagination of the children and enable them to give it a better shape. This enhanced their eye-hand coordination, color recognition, fine motor skills and problem solving skills. Result is as follows:
